Head Teacher: Mrs Wallace

Dear Parents and Carers

Returning to school Monday 8th March 2021

As you will have seen from the announcement by government last night, all schools will be returning on Monday 8th March 2021, where attendance for all will be mandatory. In previous letters over the last year, I have set out the details in regards to following the Department for Education guidance. This time is no different except we have been given 2 weeks in order to prepare the school and make plans for all of the children coming back, ensuring that not only the school building is safe but so too are the procedures we put in place.

Over this coming week I will be holding meetings with the Finham Park Academy Trust head teachers, here we will be discussing the guidance and ensuring we have plans and procedures in place that are right not only for the Trust but also for our schools. I will also be meeting with my Covid Health and safety committee who will be reviewing and adapting the risk assessment to fall in line with any new additions to the guidance.

Finally I will be working with the Senior leadership team and staff to ensure plans for timetabling starts, finishes, breaks and lunches are in place and are effective in meeting the needs of the school.

More details on the plans will be communicated with you as soon as these are in place but no later than Monday next week giving you the week to get ready.

We are all really excited about welcoming the children back into school and look forward to seeing them in 12 days.

Yours sincerely

Mrs Victoria Wallace

Head Teacher at Lillington Nursery and Primary School

Developing Respectful, Resilient, Reflective and Responsible Learners
